Spanish 4, Galleria De Arte Y Vida, Student Edition (SPANISH LEVEL 4)

Synopsis

Galeria de arte y vida expands your advanced students' knowledge of the Spanish language with a perfect blend of literature, structure, and conversation. Students travel the Spanish-speaking world to read selections from classic and contemporary Hispanic literature, to view masterpieces of painting and sculpture, and to meet the many changing faces that make up Hispanic culture. Galeria de arte y vida is composed of twelve cuadros or units. Each cuadro is structured around a universal theme such as El arte, La fantasia, El humorismo, El indio... For example, in La mujer, students reflect on the influence of women in today's society. Each cuadro includes four major sections: Para preparar la escena provides background material to introduce the unit theme. Para presentar la lectura focuses on the literary content and authors and directs the students' approach to the selection by means of pre-reading activities. Para entablar conversacion contains questions that promote conversation and relate personal experience to the readings and cuadro theme. Seleccion contains a rich variety of authors and literary genres, including short stories, plays, songs, excerpts from novels, plays, and poetry. Para continuar conversando improves students' communicative skills by generating discussion topics related to the central themes of the readings."

This book has been a great addition to my ever-growing library of Spanish books as I'm a life-long

learner, and lover, of the language. I purchased this book to help my high school daughter with her class work, and I've found it to be one of the best books in my library! I say this because it offers grammar, stories, and a host of other things aimed at helping the learner process information in the best way that works for that particular learner! I especially like the parts called Palabras Clave (Key Words) in each section because the words are given in Spanish AND they are defined in Spanish (with examples of usage)! This aids in my ability to "think Spanish" which is not as quickly achieved when learning the word in Spanish and then learning the meaning in English. Overall, it's a great addition...

An excellent book. The condition of the book was fair. Although, the version that my class required was more advanced which rendered this book useless. However, it's very similar to newer edition.

I am a fourth year Spanish student, and this is the first year we had textbooks. These were the series of books chosen. I don't know about the other ones, but this book is seriously confusing. Much of the grammar covered is not covered extensively enough in explanation, and many of the exercises are too repetitive to do much good in the long run. I don't recommend this book.
