Customer Reviews

This is a great dictionary with HUGE pictures and a large font that is not overwhelming for my three and five year old. They LOVE to look through and see the full color pictures, and point out that the English is black, the Spanish is red. Every word has a sentence to go with it, so they often learn more words as we read through it. Even my little two year old daughter uses it as a picture book while the boys are doing their Spanish lessons, so that she can "do Spanish" too!Wonderful to pair with Flip Flop Spanish, either level!

I have bought multiple copies of this book for my ESL Spanish-speaking students. Very helpful. They may not completely understand the word in English but with an included Spanish sentence, they do. Highly recommend for ESL Spanish students.

This was a repeat order. That alone should indicate that my students and I like the book. The individual words are a good selection, the size of print is very helpful, and the photographs are a great positive addition.HFZ
