Customer Reviews

An Engagement Challenge by Kiru Taye* I received a copy of this book from the author in exchange for an honest review*Ijay Amadi has just broken up with her long term boyfriend and isn't looking for another relationship until she meets Paul. He offers her a night with no strings but neither one realized that their hearts would be at stake. As Ijay and Paul work together on a promotional

campaign, their desires become harder to deny, even though Ijay is engaged to another. Paul Arnize has been searching for something all his life; he just doesn't realize that it's Ijay. When they meet at an event, he offers her one night because that's all he can give her. His mistrust of women makes him cautious but he has sworn to never to marry. When he awakes to a note, he sets things in motion to get Ijay to Nigeria so he can continue what they started; he just never expected her to be engaged to someone else. Paul and Ijay are so good together. Both have been hurt in the past but find comfort in one another. The sexual tension between them is evident from the first time they meet and sets the pages on fire. I love that Paul's tie plays a role throughout the whole book as a reminder of what they almost through away. Paul is the quintessential tortured hero. His childhood was far from ideal, filled with heartache and distrust. His past helped shape the man he has become along with a close knit group of friends and family that are his support system. He is a successful businessman that has made his own way in the world. He doesn't have much faith in women because everyone he has known always seems to have an ulterior motive. He watched his father have affairs and not remain faithful to his wife, vowing to always be a one woman man.
