WITH EYES BUGGING, mouth opened and heart racing, that is exactly how I am feeling at just about reading just half of the second offering in this magnificent trilogy. You no more get to thinking that you are one step ahead of the storyline that Ms. Amoure is weaving like a master weaver, then she throws a monkey wrench into the plot to let the world know that you can't beat her at her own game. She has definitely taken the "Master of Intrigue" heavyweight belt in urban erotic storytelling. And her astounding mastery of her craft makes her more than worthy to have it in her possession. Positive in my mind that others will have a hard damned time wresting that supreme recognition from her hands! A damned hard fight! This young author has entered the arena previously inhabited by the mistresses And masters of urban fiction; the likes of Zane, Tracy Brown, Cark Weber, Eric Jerome Dickey, Risque and numerous others, and taken center stage with her closed fist upraised, making the declaration that there is a new kid on the block and is putting them on notice that her writing game is shutting down any slackers! You better get ready because this youngun ain't playing around. She is Vehemently serious about her authorship and each book in this magnificent series testifies and gives credence to this statement. I just can't explain the manner in which M. Amoure rips out your soul with each word she writes. She writes to make you feel every tear that her characters might shed. She writes to make each smile bring sunlight into your presence, she writes to put you smack dab in the center of her creativity, she writes to make your experience every emotion known to mankind! Thank God for allowing her to W R I T E!!
