A cute story although was really more Young Adult as both main characters were 22-23 yrs old. They have been best friends all through high school but have a big falling out upon graduation and

haven't spoken in 4 years. Holden is a BIG manwhore (has been for a while) and Bexley is a good girl (virgin) school teacher who has been in love with him for years. They meet up again when Holden comes back to their hometown to dedicate a new theater and of course drama ensues from there. Both are afraid but for different reasons to take their relationship to the next level. This was not my favorite Frankie Love book which is why I gave it only 3 stars (loved the whole Mail Order Bride series though!). Too much info for me about Holden's manwhor-ish ways and all the OW in his life - past and present day. Also I found Bex to be a bit annoying - so stuck on pleasing her super annoying parents, even though she is an adult now. She needed to have a bit more of a backbone for my taste. There is a HFN ending and I don't think there were any OW after they got together, although there is a bit of a gap that they are apart and the author doesn't specify. Will look forward to Jude's book in this series to see where his story goes...I was gifted this book for an honest review.

I need more stars! Frankie Love has completely outdone herself with Holden! He is hands down my number 1 book boyfriend for 2016! I couldn't get enough of Holden and Bexley, these two both have so much to overcome and they both have so many wrongs to right! This is an excellent second story in the Los Angeles Bad Boy series. You can absolutely read it as a stand alone, or along with Cash. You will not regret one clicking this amazing story at all!! I received a free copy in exchange for an honest review

This was another good read Frankie Love. You are a very talented Author this book Hollywood Holden is hot he is determined to get what he wants even though he had to change his life style if the PERSON is right for you changing won't be a problem if you are ready apparently he was. BEX is that good girl always wanting to make her parents HAPPY no matter what she really wants thank God she finally realised that she can't live the life her parents want Bex and Hollywood Holden are perfect together glad she finally realized that and went on to live her dream (HOT Hot and then HOT)

You can read the reviews or excerpt for the story, what I want to say is DO NOT MISS THIS BOOK!!!!!! Frankie Love has done it again!!!!!! It's the second book of Los Angeles Bad Boys starring Cash, but can absolutely be read alone.. Holden and Bexley will astound you in their road to HEA. I cannot get enough of Frankie's style of writing.....GREAT JOB FRANKIE LOVE !!!!! RECEIVED AN ARC FROM THE AUTHOR IN EXCHANGE FOR AN HONEST REVIEW

A must read was best friends and then finally turned up being lovers and went through ups and downs ...and the best part she finally went after what she finally wanted and ended up with her man... A must read

I received this book in exchange for an honest review. WOW! What a great book! I LOVED reading every single word of this book! I LOVED Holden and Bexley's love story and so will you! Holden never gives up on Bexley and he believes in her even when she doesn't believe in herself. It was a great story and I can't wait to read Frankie Love's next amazing read. This is an absolute MUST read for the summer!

I received an ARC in exchange for an honest review. What an awesome story about growing up and out of your comfort zone. I really think that this is what the world is made up of; those who stepped up and those who were too afraid to do so. Holden and Bexley's history worked for them and against them on several occasions, but it took them both making leaps of faith to find each other and their future.

Who doesn't love a book with a happy ending? Holden is the ultimate Hollywood playboy. They said he was a man whore. There was only ever one girl who he wanted. Bexley was always the good girl. Trying to be someone her parents approved of. Frankie is amazing writing these stories that suck you in until you are desperate for more. The Los Angeles Bad Boys are H O T, hot!
