The Bones Of Valhalla (Purge Of Babylon, Book 9)

Synopsis

The ninth and final book in the Purge of Babylon series. Start the series with Book #1 at:

[amzn.to/1u4DUL4](https://www.amazon.com/dp/B01I42V96E) **Â FOR EVERY NIGHT,**

THERE IS A NEW DAWN. One night. That was all it took for the world to be forever changed.

Creatures that once lived in the shadows rose, spreading like a plague across the globe, swallowing whole cities and collapsing unprepared governments. Survivors call it The Purge. In the months since, every night has been a struggle against the supernatural terrors that thrive in the darkness.

The days are no better, with constant battles against human traitors that have chosen to serve the new overlords. But an end to the nightmare is finally at hand. Mercer's army is in disarray, and Danny and Gaby have returned to the Trident with precious cargo. Meanwhile, Keo is a marked man behind enemy lines, and Lara once again finds herself tested as the answer she and the other survivors have been waiting for is finally revealed. In the finale to The Purge of Babylon series, the future of mankind is at stake. Sacrifices will be made and heroes will be forged, and the road to Babylon will be paved with the deeds of the brave...and the Bones of the dead.

Customer Reviews

I'm going to be transparent here because I've loved this series from the first time I read the blurb when I was searching for apocalyptic books, read the first page and I've been obsessed ever since. The Gist: Bones of Valhalla picks up immediately after Horns of Avalon as Lara, Danny and Company launch what they hope will be the final assault on Mabry and the Ghouls. What works: Everything! This really is the perfect ending to this series, Sam really does each character justice. The action scenes as always are full of gore and entertainment, the dialogue witty, And yes ladies you get your perfect ending! What doesn't work: Nothing! It's 5 stars all the way. Sam Sisavath is a genius! Overall: I'll love this series of books until my dying day, it's brought so much joy and made friendships over oceans. The characters that Sam has created will always live with me, for the last couple of years I've lived with them, cried with them, and above all cared about them and that to me is true genius. You don't get that very often in books but when you do it really is special. So if you've never entered the Purgeverse, do yourself a huge favour and start today. Book one is The Purge of Babylon.

I have been a fan of this series from book 1, I have loved every book, I have re read every book, too many times to count. This final book in the series was perfect in every way. The way the author brings all the characters together is amazing. I believe this is his BEST book, I don't want to do spoilers, etc, but I will say this, I feel like I got the ending I wanted and needed. I am glad that the author may continue the series with another group of characters as I know there is still more to be written. I wish I could give this book more than 10 stars, it deserves it in every way. Did I find anything in this book I did not like? Not a thing. I feel the author gave us everything we could want as this was his original plan from the beginning. I believe the author has been maligned for a certain way he went in the story, but we as readers need to keep in mind, HE is the writer, he can do with his story as he wants too. To me it was perfect.

The book was released at midnight. I had it finished by 6 a.m. It is rare anymore that I read all night, even rarer is reading all night a book that does not have Stephen King on the cover. This is the conclusion of the Babylon series and, if Sam Sisavath continues the story arc in other directions (we still have most of the main characters-Lara, Danny, Keo, Gabby), series readers can stop now and not feel as if they're hanging in the breeze, unsatisfied. Or we can read more.

As another has said it was the perfect ending to this series. After following these characters through

all of these books, you won't be let down, each one shines. Well worth the loss of a night's sleep!

I read this in 3 days. I couldn't put it down. And I had a pretty good idea how it was going to end, but I hoped I was wrong. I'm not going to give anything away, but I don't think I've ever cried so much through the last few chapters of a book. If you've been reading the series and gotten attached to the characters as I have, be prepared to have your heart broken at least a few times. If you haven't read the series, do it. Start at the beginning and read them all. I've loved the Purge series since I read the first book. I know there had to be an end to the story, but I'm a little sad that it's over.

Sam does it again, such a great author with fantastic character development and a very satisfying "ending" to a series not to be missed !! I've been a fan of this series since the beginning and this was another great addition to the series, but am very sad that it is the conclusion. I love the characters and their growth over the span of the purge. I've mentioned it before, but it's so refreshing to have the women in this series be the leaders and heroines in many cases, thank you Sam! Yes, this was a dark conclusion, but there's no other way it could have been and still been true to the story. Fast paced non-stop action with some major losses, which also made it so suspenseful because no one was safe. I was disappointed at the reason given that Mabry chose to attack when he did, but not a deal breaker or anything but the reason for my 4 stars rather than 5 stars. If Sam does decide to extend this story in different directions and with different characters, I'm still in! If you like the dystopia or zombie genre, you will love this series and blast through all 9 books in a flash. So, this is bittersweet as it's a great book but I'm not sure I'm ready for it to be done. Regardless, go back and get the first book and get ready to shut down your life as you be obsessed with reading every book back to back. I'll re-read the entire series over and over again, as will you once you read the first chapter.

Having read the entire series...I'm sad it's over(??). Good ending, didn't have a clue where it was heading. Would be a better t.v. series than the walking dead(which I do like). Have not read a book by Mr Sisavath that I haven't liked...keep em coming
