Customer Reviews

*I received a review copy of this book. I also bought a copy because I liked it so much.*I love books about witches. I love books about small country towns. I love books about cakes. Why, hello, Kitchen Witch series. Nice to meet you. Oh, and there's a mystery? Perfect. This is the first book in another great series from Morgana Best. I stayed up far too late reading it, but it was definitely worth it. There is a great supporting cast of quirky and eccentric characters and a lovely sense of place in the novel. It makes me want to move back to the country! I definitely recommend checking out this book if you're a fan of cozy mysteries with a touch of the supernatural. Plus it involves baking and cats! (But not baking cats - that would be weird.)

This is a great book; this is the first book in The Kitchen Witch series by Morgana Best. Amelia Spelled has had the worst week ever, she loses her job, her boyfriend dumps her, and then she is evicted from her apartment. She believes that her luck is about to change when she finds out she has inherited her estranged aunts Victorian house, to mysterious cats, and her aunts cake store. Amelia soon discovers that her aunt was a witch. When a man is murdered in the store, she puts her sleuthing skills to work to find the killer. If you are looking for a fun mystery with great characters then you need to read this book. I am looking forward to reading the next book in this great new series.

I loved this book. The characters are awesome and I can't wait to read what happens next, especially with Alder - what's up with him? I laughed out loud a couple times. I had to laugh about the bad day Amelia had, I've had a few like that myself. The house was a surprise. Well written and funny. I enjoyed the book.

Amelia Spelled has survived a week of bad luck, to top all bad luck! Her kitchen skills are pretty much limited. Perhaps, disastrous is a more accurate word! She sent her handsome boyfriend, Brad, to the hospital after eating her homemade nachos. She visited him at the hospital only to have him rant, call her names and break up with her. She only wanted to go home, watch old movies, eat ice cream and jelly beans, but there is a big meeting at work that afternoon she needed to attend. One of the managers of the Complaint Department announced that the department was being outsourced to India! Immediately, twenty people were without a job. Her luck was getting worse! Amelia bought jelly beans, ice cream and an old black and white romantic movie on the way home. When she got home to her apartment, she saw an envelope under the door with her landlord's handwriting on it. It was a fourteen day notice to vacate the premises! Amelia was all alone. Her parents had died when she was only fourteen. Amelia cried and wailed at her predicament. Then she recalled her dad telling her, "Now remember, no matter how hard things get, it won't be anything you can't handle." She stopped crying and noticed a second envelope under the door, but didn't recognize the handwriting. It was from the executor of her Aunt Angelica's estate, requesting Amelia to meet with him to finalize her inheritance. Has her luck suddenly changed for the better? You won't be disappointed! This is a great read! There are so many wonderful characters in this story and some strange ones as well! I loved reading "Miss Spelled"! I was given an ARC copy of this book in exchange for an honest review.

Can I please move into this book? Wow, this book pulled me in and wouldn't let go! What a fun book. I want to go live with these characters and I can't wait to see what happens to Amelia next. If you like a good cozy mystery, with a healthy pinch of the supernatural thrown in, you'll adore this book, and probably the whole series. I'm on my way to buy Book Two right now!

Amelia Spelled has one of those days. She's left without a boyfriend, job and home, and then finds out she's inherited a shop and house from an aunt she didn't really know she had. It was her very bad baking that caused her to lose her boyfriend and her apartment so she's surprised when she inherits the cake shop. There are quirky characters she gets involved with, and an unusual house. Anyway there is Craig the hot fire officer and the mysterious Alder Vervain. And of course, a murder to solve.

This is my second Morgana Best story in 2 days. Yep! Miss Spelled is a delicious mix of mystery

and humor. Mix in some outlandish witches and this one has some spice. When Amelia loses everything she is shocked but then an aunt she has never met dies and leaves her a bakery. That made it really fun because in truth Amelia cannot cook! On one of her first days in business a seemingly healthy man kills over after only one bite of a cupcake!. The only good news... she didn't cook it. LOL. What is great about this story is the balance between the mystery and the light hearted humor of the characters and the situations they find themselves in. There are so many suspects and quite frankly they could all be guilty for different reasons, that I simply never did figure out on my own who the killer was. It had to be revealed for me. Though, once I got to the end, it made total sense to me. I have never read a Best book and not been surprised at the end. Oh, one more thing, I want to know more about Alder Vervain. Guess I am going to have to get the next one! I recieved this book in exchange for my honest review.
